Aug. 13, 1881.

We have again laid the rods for the new bridge, and the work is in progress, and the bridge will be completed in a few days.

The ice cream supper given by the ladies for the benefit of the school building, was a grand success. The grove was beautifully lighted with three large kerosene lamps, and the food was wonderful, and the ladies were made glad to realize the handsome sum of about \$25. The people in and around Rockport, cannot be excelled in such undertakings.

The salt river valley is resounding with the sound of mowers, and the hay is being cut, and the hay is being stacked, and the hay is being loaded, and the hay is being sent to market.

and Matilda Shown, a young man of rare talent and one beloved by all who knew him, was a son of a young man, just in the flower of manhood. He was in the 22nd of his age. He professed Christ a few days before his death, and died in the triumph of a living faith. We extend our sympathies to his widow and family, and to his friends.
